

CRAVE

1 Peter 2:1-3

Get rid of spiritual pollutants

MALICE: Evil desires of the heart

DECEIT: Hiding my sin and my failures under cover of false pretense

HYPOCRISY: When I know the truth, but live in the lie

ENVY: Displeasure at someone's good situation (comparison)

SLANDER: The ugly words that cut and divide

Crave spiritual food

Like a newborn needs milk, we need constant nutrition

Tasting the goodness of God

- Talking with God in prayer
- God's word regularly read and taught
- Meeting with God's people for fellowship
- Serving God with my skills

**If you have tasted God's goodness . . .
the more you drink, the more you want**

Life-change moment:

Have you tasted of God's goodness?

How is your appetite?

Is there a pollutant that is killing your appetite?
